

ACTIVITIES

FLUGTAG

Flugtag is a creative group activity where you compete in teams to make a vehicle which can fly as far as possible. The activity can either be done indoor or outdoor. The indoor version is a little bit calmer where the team builds a smaller vehicle without a driver. The outdoor version is much crazier where you can try your machine with a pilot who will drive down a ramp, fly as far as possible and then land in the water. In both versions you will get a lot of material to work with and only your creativity, ability to cooperate and the aerodynamics will set the boundaries.

Price: Indoor – 4000 SEK/team of 5-6 persons.

Outdoor – 2500 SEK/team of 5-6 persons (charge for venue may apply)

Time: Approx. 2 hours

Number of persons: Up to 300 persons

THE CABLE PARK

A cable park is like a skate or snowboard park, though for water sports. Instead of going by boat the rider travels here by an electric cable car. Five lift pylons are 10-11 meters up a cable that pulls up to eight riders at the same time - around a track at 623 meters! In the water lie jumps, rails and other things that the more experienced skiers happy use, but it is just as easy to go without either jump or perform few other tricks.

Price: The Cable Park ticket from 180 SEK (depending on the number of hours)

FINAL CALL

Final call is a quiz with very varied elements. It's perfect for a group who want a quiet and fun activity. Mixed with music, problem solving and moments where we test your scent senses and taste buds.
