

CLARION HOTEL ARLANDA AIRPORT

Scandinavia's Closest Meeting Place

THIS IS WHERE IT HAPPENS

"Our goal is to create exceptionally favorable conditions for our customers to meet, develop and perform by providing modern facilities, personal commitment, dedicated colleagues and unbeatable proximity."

Jessica Norgren, General Manager, Clarion Hotel Arlanda Airport

WE LOVE PEOPLE WHO TRAVEL.

We love when the atmosphere is filled with anticipation before journeys are to be taken, for all the fantastic, exciting things that are about to happen. Some are here to meet colleagues at a conference. Some are here to get an early start and want mostly to enjoy our lovely beds in an uncommonly quiet room. Guests flow in to the bar and to the cozy sofas in our Living Room. And just outside, planes are taking off and landing.

THIS IS WHERE WE ALL BECOME BREATHLESS.

Jan-Ove Fogelberg and Anders Erikols are the names of the architects from Aros Architects, more recently called Sweco Architects, who became breathlessly inspired by this place and by all the movement, in and around the area. Inside the hotel, its decor and surfaces have been dressed and designed by Anders Björkén from Björkén Architects.

WE LOVE MEETINGS, CONFERENCES AND EVENTS.

We have 44 meeting rooms to choose from. Whether you are 2 or 900 people, we realize your events, ideas and dreams.

WE CARE.

From the food free from palm oil, organically eggs, environmentally friendly flowers, to our art, beekeeping and self-produced honey. Also, for every overnight stay, 100 square meters of rainforest is preserved. We care about our planet and its people and take responsibility.

A JOURNEY OF FLAVORS.

It all starts at the bottom with breakfast at restaurant Runway and ends at the 12th floor, at Kitchen & Table by Marcus Samuelsson, where the flavors take you higher than the best Boeing 747. All our ingredients are, of course, carefully selected.

STEPS FROM YOUR GATE.

Time is a rare commodity. We know that too well. That's why we are so happy to be at the heart of the most important transportation hub in Sweden. Spend your time doing something more fun, something more valuable, than getting there.

SLEEPING BEAUTY

"Success is always measured by the people that make it happen and that is certainly the case here. The entire staff is outstanding. The rooms are very nicely furnished and the beds and pillows are just too comfortable"

Rudy L Toews, Boeing

DO YOU HEAR HOW QUIET IT IS?

That's just how it should be. We have soundproofed all of our rooms and furnished them with excellent storage space to take everything you don't want to see out of sight. Inside you can unwind without thinking too much about the world outside. Read a book, cover to cover without interruption. Surf wirelessly and enjoy chocolate from the minibar, in bed.

YOU ARE WORTH IT.

Robe, slippers, bubbles, chocolate, fruit or snacks – just pick up the phone in your room and place your order. Want to surprise someone special? Let us assist you.

WHEN YOU WAKE UP.

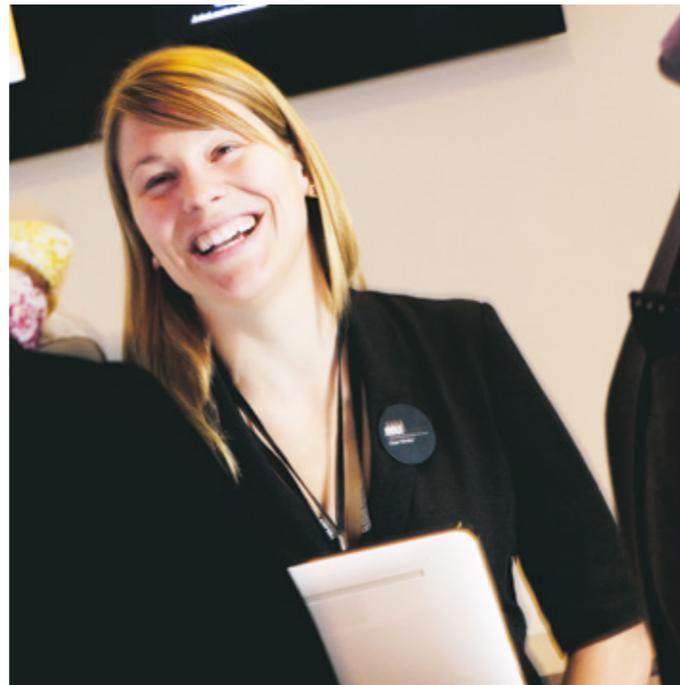

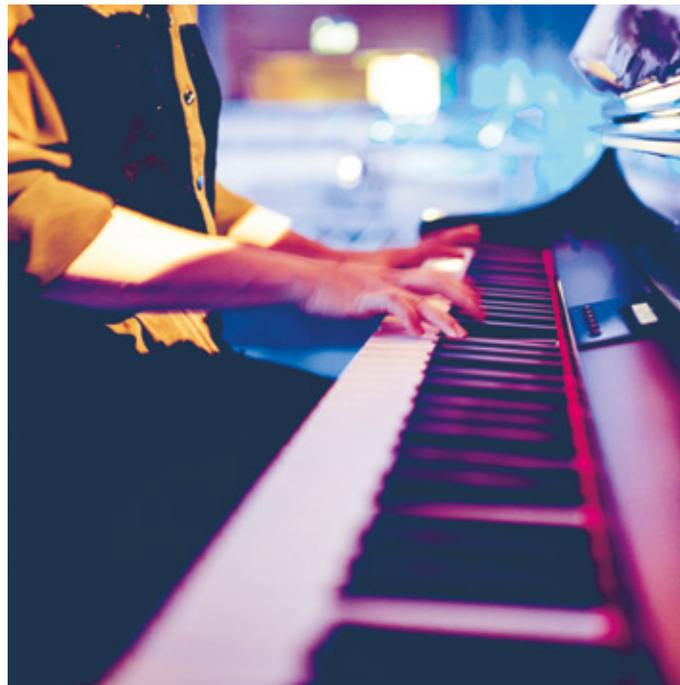

Rested, we hope. Chances are it will be a bit early. The best way to start the day is with a really good breakfast. And it is ready for you early and prepared with your health in mind. There are plenty of organically options to choose from, as well as both lactose free and gluten free alternatives. Breakfast is served from 5.00 am in our restaurant Runway.

IF YOU'RE FLYING WAY MUCH TOO EARLY.

We serve a more simple breakfast in our Living Room between 4.00 – 5.00 am. We call it Early Bird.

IF YOU PREFER THE COMFORT OF YOUR ROOM.

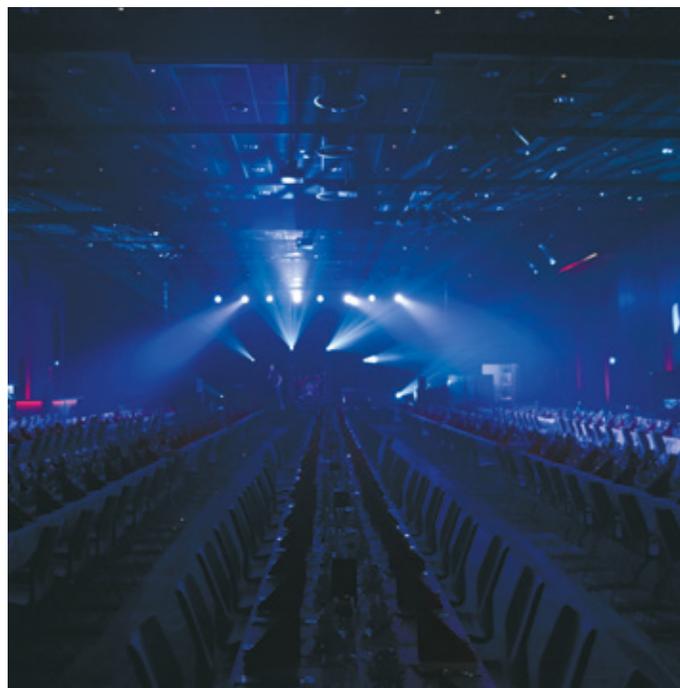

We'll be happy to bring your breakfast up to you.

WE MAKE IT REAL

"For the evening festivities, the room was transformed into a fantastic banquet and party venue. In addition to the exceptional rooms and common areas, the hotel upheld a high quality when it came to service and food!"

Johanna Johansson, Microsoft

BIG DREAMS.

The hotel's largest venue and the creative persons dream space is called Hartsfield-Jackson-Atlanta and accommodate up to 900 people in theatre seating. It is 800 square meters with a 6.5 meter high ceiling, carpeted floors, soundproofed walls and can be divided into three sections.

UNLIMITED POSSIBILITIES.

Trade shows, exhibitions, banquets, parties, kick-offs, talk shows, concerts, mingles, launch parties and much more. We transform and realize meetings according to your wishes – ideas, colors, themes, mottos and feelings.

THE EXPERIENCE.

In all sections there is a stage and the latest technology in sound, light and video for the absolute best experience. We have technicians and staff at your service.

PAUSE AND MINGLE.

When it's time for a break, meet up at the Airstrip, just

outside your meeting room. Perfect for mingling, a welcome drink, a snack or even a full buffet. There is also a cloakroom, conference reception and toilets.

BEHIND THE SCENES.

The best personnel are ready to take care of you and all of your guests. Allow us to suggest menus that are perfectly suited to your meeting. Welcome to experience a taste session!

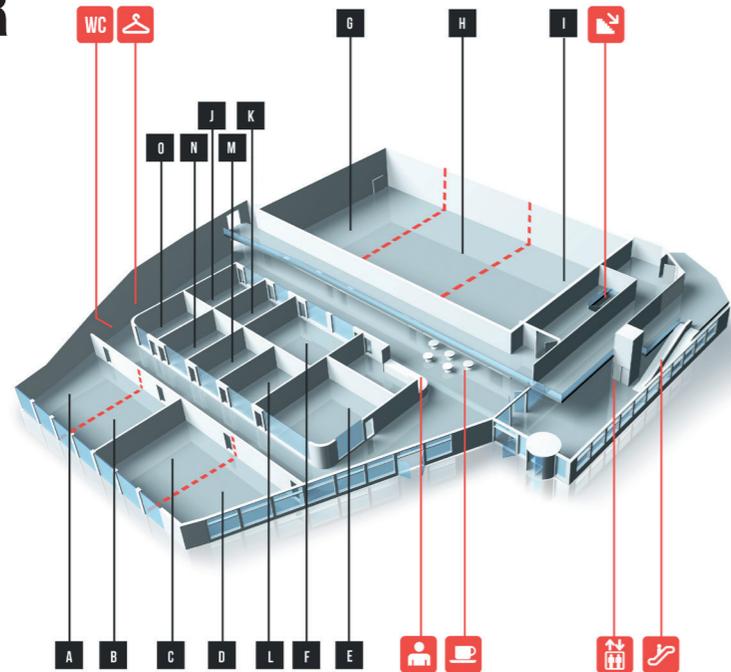

PLENTY OF ROOMS.

On the 2nd floor you will find meeting rooms with a capacity for 2-160 people, perfect for break out meetings and a variety of sized groups.

THE BEST PROJECT MANAGERS.

A conference expert, just for you, who is with you from the idea phase to implementation and follow up - no matter whether your meeting is small or large.

Have some extra time? Perhaps with a cup of coffee in your hand, while waiting for your meeting, take a look around and be inspired by the art that decks the walls. Let it ignite your thoughts and discover how it reflects our true respect of the planet as well as the environmental focus we have at the hotel.

FLY AWAY FOR A MOMENT

"A gym that is not only convenient but really top class! I have finally gotten my motivation back thanks to the atmosphere at the gym and to the professional and friendly staff. That gives me the extra energy!"

Hanieh Asslesiefi, Swedavia

GET-AWAY FEELING.

Welcome out to our pool terrace. There, with the sky as your ceiling, lies our wonderful outdoor pool. And it is warm all year around. Start your workout with a few laps or finish it off here, floating lazily on your back. If the weather is being cooperative, recline with a good book in our whimsical lounge chairs by Italian designer, Moroso. Make it your very own get-away time.

UP FOR A WORKOUT?

We have a large gym with many machines and possibilities for a good workout. Like to run or bike? You can surf, watch TV or listen to music while doing it. Here, we also offer fresh fruit and water when you need energy and recuperation.

NICE AND RELAXING.

Take a break for some warmth and relaxation in our steam room and dry sauna.

RUN FREE!

Just outside the hotel there is a really good trail if you are up for it. Have a run or walk around Arlanda and out to the lake of Halmsjön. Ask us at the reception and we'll tell you how and where to go. Some Fridays, staff go for a run, you're welcome to join us if you like.

SPICE IT UP!

Would you like a massage, a treatment, a pedicure or have your hair made? Allow the reception to instruct you making your reservation. We have several great business partners.

THIS IS FUN DINING!

"Manhattan lands at Clarion Arlanda! I love to be here, 12 floors up, with an unbeatable view. I love the mix of culture, food, people and music – this is Fun Dining!"

Marcus Samuelsson, Co-operator, Kitchen & Table

FLAVORS OF MANHATTAN.

Welcome to Kitchen & Table by Marcus Samuelsson. Not so surprising, perhaps, that a restaurant that joins flavors from two different worlds has landed at Arlanda. Because if there is anywhere one should experience the meeting of the world's varied cuisines, then it's at an airport that serves over 160 destinations. Marcus Samuelsson made his way here, to the Uppland landscape, with a suitcase packed full of inspiration and flavors from Manhattan.

So whether you fly away or home, or are criss crossing, take a well-deserved break, have a bite to eat and enjoy a flavor sensation composed by one of Sweden's (and New York's) best chefs.

MEET THE CHEF.

In the kitchen you'll find our head chef Magnus Jansson, always with his chef's hat on. He is the creative driving force behind the delights we want you to take part of when you are here.

ARLANDA'S LIVING ROOM.

We like to enjoy ourselves, but we especially like to see that our guests are doing so. When you and your colleagues come to our Living Room after a long day and with a satisfied smile, lean back in our cozy sofas and enjoy some refreshing cocktails. To our Living Room, you are always warmly welcome.

RESTAURANT RUNWAY.

Here is where we serve our popular breakfast buffet! It is also, by the way, at restaurant Runway, we spend our days serving fantastic lunches and dinners to our conference guests.

100 % FREE FROM PALM OIL!

We are proud to say that we were the first hotel in Sweden to be 100 % free from food with palm oil. We want you to enjoy really good food and be able to eat it with a good conscience.
