

CLARION HOTEL STAVANGER

THE HOTEL IN OLAVSKLEIVÅ

Clarion Hotel Stavanger is an international conference, event and business hotel located in the heart of Stavanger. The hotel is ideally situated for Stavanger's many attractions and only a stone's throw from charming Vågen, with its wealth of shops, bars and restaurants.

NEWLY REFURBISHED

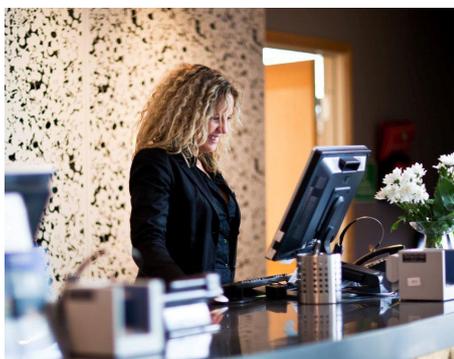

Refurbished in 2011, the hotel offers a classic style, with a focus on art, music and design. This very special and welcoming atmosphere envelops guests as they enter, to be greeted by the heartfelt smiles of staff. Our dream is for guests to enjoy a better quality of life when they stay with us – feeling, smelling, tasting and embracing the atmosphere of a hotel with a strong and distinctive personality.

FITNESS AND RECREATION

We know we will never have as good a gym as a proper fitness centre, and we are not in a position to offer the wide variety of innovative group sessions that are so popular. We have therefore chosen, instead, to join forces with the Elixia fitness centre across the road from the hotel. A daily pass costs NOK 75 for guests staying in our Standard rooms, but if you opt to upgrade your room we'll treat you to a daily pass at no extra charge.

RELAXATION

On the top floor we have our inviting relaxation centre with Jacuzzi and sauna. Admission is free to all our guests, who can enjoy unique views of central Stavanger and the boats on the water. Please contact reception if you would like a bathrobe and slippers. Our extra large, wonderfully soft towels can also be found in the wardrobe.

RESTAURANT AND BAR

Kitchen & Table is the creation of renowned Swedish superchef Marcus Samuelsson, serving up food inspired by Manhattan – and Stavanger. We also have our Clarion Living Room, which provides entertainment ranging from live music and DJ sets to a wine quiz and a sushi course.

HOTEL ROOMS

We know how important a good night's sleep is both before and after a long day. All our rooms have luxurious beds from Duxiana, extra long cotton duvets and pillows you can get lost in. Naturally we also provide free Wi-Fi, a hairdryer, iron and ironing board, a kettle and 24 hour room service. Our 40 inch LED TV comes with a wide selection of TV channels and films, plus all the Premier League action you could want included in the room rate. All rooms, with the exception of our disabled access rooms, also have a desk with plenty of space to do a bit of work.

OUR ROOM CATEGORIES

STANDARD DOUBLE ROOM

All our rooms are doubles, and the majority of the beds are Queen Size, but we also have rooms with twin beds if you prefer. The bathrooms are spacious and you have the option of a room with a bath or a shower.

SUPERIOR ROOM

We have two different types of Superior room. One is more spacious than the other, making it ideal for those spending several nights with us. The other offers the best views in town, looking out either over central Stavanger or towards Kampen and Eiganes. Additional amenities in the Superior rooms include

- a Nespresso machine, bathrobes and slippers and toiletries in the bathroom. If you choose to upgrade to a Superior room, we will also treat you to an hour at the Elixia fitness centre across the road.

DELUXE ROOM

- These rooms, with their King Size beds, are even larger than our Superior rooms, but with the same amenities. There is plenty of space to indulge yourself, and if you wish to bring your family, extra beds are available so everyone can stay in the same room. Most of these rooms boast magnificent views of Eiganes and Kampen. If you choose to upgrade to a Deluxe room, we will also treat you to one hour a day at the Elixia fitness centre across the road.

SUITES

- These are our biggest and best rooms! Some have spectacular panoramic views of central Stavanger and the boats on the water, while others have extra space and sofas. The Suites have King Size beds and all the amenities of the Deluxe rooms. The bathrooms are wonderfully spacious, with both a bath and a shower, so you can make your own choices. We are more than happy to decorate your Suite with flowers, set out champagne or buy in some bath oils for your arrival. Let us know when you book your room, and we will do everything we can to help. These rooms also make excellent family rooms, and if you choose to upgrade to a Suite, we will also treat you to one hour a day at the Elixia fitness centre across the road at no extra charge.

DISABLED ACCESS ROOM

- Clarion Hotel Stavanger has a number of rooms with good disabled access to make your stay easier. Contact front desk to check whether we are able to meet your specific needs.
